- The Race Officer may decide to run a separate start for Juniors, depending on entries. This will be notified ashore at least 20 minutes before the first race start. In this case elapsed times will be adjusted for starting time when calculating overall results.
- Race results will be calculated using Club Portsmouth Numbers.
- Age category results for Grand Masters and Veterans will be calculated using age adjusted Club Portsmouth Numbers as follows:
  - The ages in years of helm and crew will be added. For single-handed boats the helm's age is doubled.

- For a combined age greater than 100 the PN will be increased by 2 points per year over 100.
- For a combined age less than 100 the PN will be decreased by 3 points per year under 100
- Examples:
  - **Helm aged 55, crew aged 59.** Combined age 114. New handicap number is  $PN + (114-100) \times 2 = PN + 28$
  - **Single-handed helm aged 55.** Doubled age = 110. New handicap number is  $PN + (110-100) \times 2 = PN + 20$
  - **Helm aged 55, crew aged 15.** Combined age = 70. New handicap number is  $PN + (70-100) \times 3 = PN - 90$
- IBRSC Club Sailing Instructions will apply.
- Scoring will be as per Special Events in the SI's, i.e. both races count towards overall position.
- Prizes will be awarded for Overall and age category positions
